## T-Lock Cable Installation Instructions

Covers Parta #8283, 8284

1. Insert the T-Lock cable into the axle housing (A) and secure with an E-clip (B).
2. Thread the plastic ball end onto the T-Lock cable (C). **DO NOT twist the inner cable.** Continue until no threads are visible (D).
3. Snap the ball end onto the servo horn (E).
4. Install the T-Lock fork onto the T-Lock cable (F).
5. Install the T-Lock fork into the axle housing (differential cover and components removed for clarity) (G). The fork will snap into place.
